

Intelligent moisture management in the connecting joint with the highest adhesive strength – perfectly combined in the blaugelb Foil Duo<sup>SL1050</sup> Power Plus.

## blaugelb Door-Stay incl. bump stop

The reliable door-stay for mid-weight to heavy doors.

### Product features:

The blaugelb Door-Stay incl. bump stop is a door-stay with a catch and an integrated, sprung bump stop. The stay is fitted directly to the floor, while the reciprocal part is fitted to the door leaf. Thanks to the integrated spring, the blaugelb Door-Stay incl. bump stop is particularly suitable for mid-weight to heavy doors with a door width of up to 1,000 mm and a door height of up to 2,200 mm, and weight up to 100 kg. The rubber stop used has an extended lifetime, thanks to the choice of high-quality materials, and exhibits low wear.

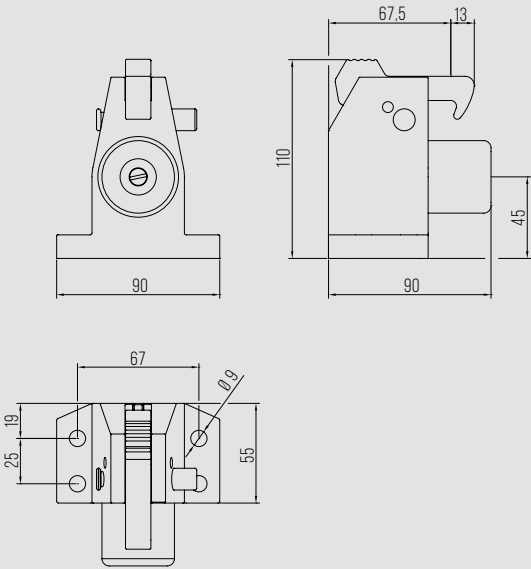

The blaugelb Door-Stay incl. bump stop offers an easy-use release mechanism that can be operated by foot. Its compact dimensions mean that the blaugelb Door-Stay incl. bump stop can be used even in tight spaces.

- Door-stay with catch and integrated, sprung bump stop
- Suitable for heavy doors and gates
- Serious quality thanks to its solid housing
- For simple foot operation, using a sliding release
- High-quality rubber stop with long life
